

SENZATIONS 2016

11th Summer School on IoT and Business

August 28th - September 2nd 2016, Pałac Łochów (near Warsaw)

Join us in Poland, in the heart of the Nadbużański Landscape Park!

The **SenZations** the annual event on the agenda of young talented researchers and innovators from across the world. This year will be held in **Palace Lochow** (near Warsaw), Poland **from August 28th to September 2nd, 2016**.

After 10 years, **SenZations Summer School**, the **oldest summer school on IoT in the world**, is coming back to Poland! To mark this occasion we have prepared even more **exciting educational program and social activities**. All these in the beautiful surroundings of the **Nadbużański Landscape Park!**

In the historical Palace Lochow, in the heart of the Nadbużański Landscape Park, **we will show you Wearables in IoT, latest development standards, explain social impacts of IoT, including co-creation process and teach how to leverage on sharing economy and build IoT startups!**

SenZations combines lectures on fundamental and applied aspects of the IoT with hands-on tutorials and experimentation. It enables the participants to advance the research in the field of IoT and Business by providing valuable experience and knowledge. Supported by **excellent lecturers and senior researchers from the academy and industry** SenZations has **attracted more than 800 students** during the past 10 years.

SenZations Summer School is a fantastic opportunity for high performing students to experience new educational concepts.

Early bird until
June 1st 2016

The **registration fee** includes participation at all school activities, school material, 6 days shared accommodation in double rooms with full-board, a social event and access to all hotel (4*) facilities. **Number of participants** is limited to a max. of 50.
