

AGENDA

TITLE:

Skilling up the Western Balkans agri-food sector – first findings and feedback

ONLINE MEETING

31 May 2023

The event is the occasion to share the first findings of the research 'Identification of current and emerging technological changes and skills needs in the agri-food sector in the Western Balkan region'. The research is centred around three niche markets that represent the companies taking part in the project: digital services in agri-food; biochemical and microbial products; and organic and functional foods.

Facilitator: Pirita Vuorinen, Senior Human Capital Development Expert, ETF
