XI International Conference

BIOMEDICINE AND GEOSCIENCES – INFLUENCE OF ENVIRONMENT ON HUMAN HEALTH

TECHNICAL PROGRAM

Invited lectures, oral and poster presentations of the papers will be presented within the following sessions:

- Environment and health
- Medical Geology
- Environmental Geophysics
- Radon exposure – Health consequences
- Radon and thorium in air, soil and water – geological background
- Natural treasure – water
- Food and health
- Thruts and misconceptions about food and water
- Diseases of modern civilization
- A new approach to health in 21st Century
- Climate change and health
- Health management in the oil and gas industry
- Health risk assessment and management
- Sustainable Development Goals in the oil and gas industry
- Advancing environmental and social performance across the energy transition

Your paper should be in English, up to 10 pages long including all figures and references (font is *12pt Times New Roman*). Section Headings are bold and the paragraphs are justified and separated by blank line. Final formatting will be made by the publisher.

V International Students' Workshop

PUPIN MEETS NOBEL

Students coming from Universities throughout the world are invited to participate in the 5th International Workshop *Pupin meets Nobel*, which is related to Technical sciences.

Students (all three levels of studies) should send papers in English, up to 10 pages long including all figures and references (font is *12pt Times New Roman*). Section Headings are bold and the paragraphs are justified and separated by blank line. Final formatting will be made by the publisher. *Notification of acceptance is up to five days after papers submission.*

Students will not participate only in the Workshop, but also to all events presented in this Announcement. That is nice opportunity to study the advances in all domains of Technical sciences, as well as to meet experts, professionals, academicians and researchers from all over the world.

IV SEG/SPE Student sections Networking Workshop

MEMBERS - MEET, GREET & NETWORK!

Officers and members of SEG and/or SPE Student Sections, as well as their Faculty advisors, are invited to participate in the Networking Workshop with annual reports of their sections. After presentation of activities, we organize discussion and brainstorming related to the further joint activities and programs.

Special YP lectures

Dr. Magdalena Marković (on behalf of Uppsala University applied geophysics group)

Geophysics for climate action: Denmark as a role model for CCUS

Filip Matović (President, Young Professionals of National Petroleum Committee of Serbia)

ESP Predictive maintenance

Marko Vučković (Head of the Working Group for the development of geothermal energy projects within NIS Upstream division, NIS a.d.)

Potentials for the development of geothermal energy projects in the perimeter of NIS

Ina Hadžiavdić (Business development engineer, StimStixx Technologies Inc.)

Novel production enhancement technique – achieving more with less

Round table debate

Oil and gas industry - Yesterday, today and tomorrow

Are you interested in Petroleum engineering? Would we be on this point today, if we hadn't used non renewable energy resources? Do we need oil and gas more than ever? If you want to share your knowledge and ideas, feel free to participate in the Round table.
