

CALL FOR PAPERS

for the 2013 issue of *Croatian Economic Survey*

ISSN 1330-4860

e-ISSN 1846-3878

Aims and Scope: Croatian Economic Survey is an English-language, peer-reviewed scholarly journal published annually by The Institute of Economics, Zagreb in Croatia. The journal aims to serve as a forum for academics and practitioners by publishing high-quality research papers on topics in all areas of economics. Special focus is given to post-socialist Europe. Comparative studies are especially encouraged, since these countries share a similar socio-economic background and comparative studies offer a valuable source of insight for policy formulation as well as a basis for competitive benchmarking. The journal welcomes empirical and policy-oriented papers relevant to a broader international audience. Contributions need not be limited solely to economics; submissions from other related disciplines are encouraged.
