

SENZATIONS

10th Summer School on IoT and applications

August 30th – September 5th 2015, Belgrade, Serbia

CREATE. INNOVATE. DEVELOP. IMPLEMENT.

The Summer School SenZations 2015 is the annual event on the agenda of young talented researchers and innovators from across the world. This year, SenZations will be held in **Belgrade**, Hotel 88 rooms 4*, Serbia from August 30th to September 5th, 2015.

The SenZations covers a range of topics ranging from wireless sensor networks, M2M, Internet of Things and their application to business, marketing and leadership. It is supported by **excellent lecturers and senior researchers from the academy and industry** and has attracted more than 700 students during the past 9 years.

SenZations combines lectures on fundamental and applied aspects of the IoT with hands-on tutorials and experimentation. It enables the participants to advance the research in the field by providing valuable experience and knowledge.

SenZations Summer School is a fantastic opportunity for high performing students to experience new educational concepts.

Early bird extended until
June 15th 2015
