MONTENEGRO – COST Programme
Filip Ivanović was elected as a member of the Young Academy of Europe

[Filip Ivanović izabran za člana Mlade akademije Evrope \(vijesti.me\)](https://vijesti.me)

Having actively participated in several COST Actions I think that the COST program is a very nice framework for cooperation in Europe. In my opinion COST has three main advantages: it is designed in such a way to encourage interdisciplinary research and networking; only travel costs are available, so there is not too much to share and negotiate about, which facilitates cooperation; it provides more opportunities to small and less developed countries.

Prof. Dr Vladimir Jaćimović, Faculty of Mathematics and Natural Science, University of Montenegro
