“

*A COST Action is a way to connect and network with researchers from across Europe. It opens your mind to new ideas and exchange of experiences. Participating in the HIDDEN COST Action allows me to meet senior and early career researchers from across Europe, which I think is a very valuable and unique opportunity. I recommend to everyone in the academic world.*

Katerina Klimoska, PhD candidate, Cyril and Methodius University, Skopje

”

“

*COST Actions are very important for researchers coming from middle income countries. It opens a big window, especially for young researchers. It is a good opportunity to increase your knowledge, exchange fresh ideas with colleagues in the field, create a strong network of professionals, educate young researchers, meet people from various nations, and create a better scientific community. COST Actions enrich the portfolio of every member of the academic community. That's why I warmly recommend it to all interested members of the research community in Europe and beyond.*

Prof. Dr Vladimir Trajkovski, Faculty of Philosophy, Cyril and Methodius University, Skopje
