

A multidonor service
of the World Bank Group

Invest in the Western Balkans (IIWB)

This program was established by World Bank Group's Multilateral Investment Guarantee Agency (MIGA) with financial support from the Austrian Government and the European Commission.

Since integration of MIGA's technical assistance activities into the Foreign Investment Advisory Service (FIAS) in 2007, the program is managed by the latter.

IIWB covers the following countries:

Albania

Bosnia and Herzegovina

Croatia

FYR of Macedonia

Montenegro

Serbia

UNMIK Kosovo

To accomplish the overarching goal of creating jobs and thus contributing to stability and sustainable economic growth in the Western Balkans, the IIWB program focuses on promoting and facilitating foreign direct investment (FDI) flows into the region and on improving the image of the region as an increasingly attractive investment destination.
