As a follow-up of the workshop held in Brussels during the Open Days 2011, the seminar will focus, on one hand, on the Adriatic-Ionian Macroregion and on common challenges and opportunity linked to EU Enlargement – identifying shared strategies and policies and a new model of governance for a better and more sustainable development and a common regional policy. On the other hand it will focus on the Adriatic-Ionian Macroregion and on successful cooperation and projects presented by the partner regions and local authorities to show how a shared strategy can better manage common future challenges in a mature area where existing networks e.g. the Forum of Universities –UNIADRION, the Forum of Adriatic-Ionian Chambers of Commerce and others already cooperate to face the main common issues requiring a macroregional approach in order to foster integration towards a successful future enlargement.

Sa druge strane, fokusiraće se i na prezentaciju uspješnih projekata i saradnje od strane partnerskih regiona i lokalnih samouprava koji će pokazati kako se zajedničke strategije mogu koristiti za bolje upravljanje budućim zajedničkim izazovima , gdje postojeće mreže, kao što su Forum Univerziteta–UNIADRION, Forum privrednih komora Jadransko-jonskog regiona i druge već saradjuju na rješavanju zajedničkih pitanja koja zahtijevaju makroregionalni pristup kako bi se ojačale uspješne integracije u budućem procesu proširenja.
